Sir:

In response to the Office Letter mailed 04/29/2005, please amend the above application as follows:

Claims: Cancel all claims of record and substitute new claims 17 through 21 as follows:

17. A dispensing assembly comprising two opposing U-shaped limbs flexibly connected at one end and detachably spaced apart at the other end and a circular enclosure to control the separation of said limbs whereby said limbs may be separated to receive a roll or spool of product to be dispensed.

18. The dispensing assembly in Claim 17 wherein said limbs form a tapered frame whereby said frame is narrower at one end and wider at the other end allowing the circular enclosure to tighten as it is positioned from the narrow end towards the wider end.
